

Estonian Melges 24 Class Association

Dd 22.11.2012

Estonian Melges 24 Class Association was established in Nov 2011. Estonians were sailing under Finnish class for previous years. After reaching to 6 boats / full members in Estonia we decided to establish our own association in order to promote more Estonian teams to join melgse24 family. Same time we keep good co-operation with Finnish Association and organize mutual ranking event. We believe success to increase the fleet beside professional RC work at sea is after sailing social life and this is what we have established since 2011 ranking events in Estonia.

We were presented by all 6 boats at Worlds in Torbole. Estonian teams are good travellers, we will continue to enjoy Italian Cup competitions in Spring which is a good opportunity to extend sailing season for us. Especially would like to thank EST 826 „Freddy“ presenting Estonians at several competitions cross Europe.

We have highest expectations for 2013 season. Hope our very well organized ranking events will invite new strong teams from Estonia and Finland to sail melges24.

Martin Müür
