

Estonian Melges 24 Class Association
Dd 05.11.2013

Estonian Melges 24 Class Association was established in Nov 2011. Estonians were sailing under Finnish class for previous years. After reaching to 6 boats / full members in Estonia it was decided to establish our own association in order to promote more Estonian teams to join melgse24 family. Same time we keep good co-operation with Finnish Association and organize mutual ranking event. Estonian-Finnish ranking events are very well organized and meets high standards on both important aspects - great RC work at sea and after sailing social life.

Estonia were presented by 4 boats at Europeans in Medemblik. All boats finished in top 15 (places in overall: 4,8,12 and 15). In corinthian division 2nd and 3rd place were achieved.

Estonian teams are good travellers. EST 826 participated this season at 12 regattas as our best traveller.

In Europeans 2014 in Balaton we expect to have max 3 boats only, due to event being so early in Spring.

We have highest expectations for 2015 season. If Helsinki will be awarded as 2015 Worlds city we hope to have small boost for local M24 fleet increase.
