Subject: Submission for Melges24 AGM

Piret,

Below our submission for the AGM.

Submission to update the Melges24 Regatta Regulations as following:

To update all official class documents related to racing and events.
(*Definitions, Rule (g) any other documents that govern the event.*)

For example NoR and Si templates are not updated since 2011 despite the fact that rules has been changed since then.

The OA's and judges should be confident that documents and templates provided by IMCA are updated and valid.

On behalf of the Finnish Melges24 Association
