

Submission from the German Melges 24 Class

The German Class decided at our national AGM, to bring forward a submission to discuss how to reduce the event cost and associated the entree fees.

Our reason:

There seems to be a changing from a pro to a more corinthian class which is a positive aspect.

We see more younger sailors stepping in, we want to have them at the big events also.

Peter Goeckel

German Melges 24 Class President
