## **International Melges 24 Class Association**

### **To whom it may concern:**

Regatta Management and the US Melges 24 Event Championships Inc propose to host the 2020 Melges 24 World Championships.

**Event Headquarters** - We propose that the Charleston Harbor Resort & Marina serve as the event site. This resort with its 200 plus rooms and marina will provide a great experience. There are also less expensive hotels, within two miles of the marina and great beach houses on Sullivan's Island and Isle of Palms available for rent.

**Schedule** - Racing would be held beginning on the Tuesday following Charleston Race Week. Dates yet to be determined but usually the middle to third week of April.

**Course Venue** – The courses would be set in the Atlantic Ocean in the area just south of the harbor jetties and in the Charleston Harbor if requested.

**Competitors Fees** – We propose a fee structure that would be as inclusive and as reasonable as possible.

Best Regards,

Randy Draftz (Regatta Management)
