The letter of interest

We, the YC Portoroz are expressing our interest to organize European championship in 2020. The event will be hosted in Marina Portorož.

With official bid we will proceed as soon as we make written agreement with Marina Portorož.

As you know The YC Portoroz in cooperation with Marina Portorož are able (and are known as able organisers) to organize the biggest sail events on very high level. So you may be sure that event will be organized and performed on highest possible level.

As the date we propose the dates between 25th April and 10th May or between 20th May and 31th May 2020 depend on date of boat show which is in Marina Portorož every year in May.

We are thanking to IM24CA in interest that we may host such important event.

With kind regards
