

## Report Tech Com Meeting 2017 London

European Member Representative Jan Schmidt

- Some Owners came to me asking if the hockey-balls on the stanchions could be
- Classlegal. I advised them to make a proposal through there national Classes.
- Non if the less, I could be discussed at the techcom meeting.

No other issues where brought to me.

The changes in the classrule wich where decided at the AGM 2017 in Munich are not published on the „worldsailing“-website. We should assure the classrule change.

So no knowledge has been collected regarding the functionality of the new rules.
