Slovenian Melges 24 Class Association report 2014

Statistics:

- 6 x SLO full members
 - 1 x Associate Membership
- 4 Melges 24 are attending regattas.

Racing in 2014:

- All boats were competing at various Slovenian regattas.
- 23 boats were competing at Open Slovenian National Championship
- 1 Slovenian boat was competing at European Championship 2014
- 3 Slovenian boats competed in most part of monocup series. Due to the lack of interest from abroad we will reevaluate the participation at monocup series for 2015.

Expectations for 2015:

- We would like to keep our National Championship in the beginning of the season.
- The main organizer YCP (Yachting Club Portorose) of the National Championship - European Sailing Series 2014 did great job with organization. The club would like to keep status of European Sailing Series regatta.
- YCP also expressed interest in organization of European championship. Prescribed class rules, to host vast number of IMCA members on organizers expenses is holding them back to formally bid for such event. Revisit of mandatory personnel is suggested.
- Our boats will compete at 6-10 regattas of Slovenian Cup 2014 in Class 5.
- One more Slovenian boat is expected to attend foreign regattas in 2015.

Marketing:

- SIMCA is running own web site, which is updated frequently.
- We are still looking for Class General sponsor hoping that we will find one.
