

Melges 24 Sweden – IMCA AGM Report 2013

In 2013 we saw at least 4 new teams. This means that we are now app. 25 boats in Sweden. We started already in December 2012 with a meeting planning the 2013 season. We arranged a series of practice weekends early in the season where we got the help from professional coaches.

We have had 2 regattas in Sweden where the Swedish Championship gathered almost 30 boats.

The most active Swedish boats have also participated in the Danish, Norwegian and European Championships, app 4 boats at each event.

For 2014 we plan to start early with practices as this year. We also will try to encourage as many as possible to go the events in Denmark, Norway and Finland. We will try to use local sailing magazines and social sailing medias to boost the class and get new teams. The highlight for 2014 in Sweden will be the Swedish Championship in Båstad in the southern part of Sweden, held the 1-3 of August.
