

## Melges 24 UK Class Association

1<sup>st</sup> November 2016

2016 saw the Melges 24 class continue to grow in the UK, we have 16 active members effectively split into two sections, a strong east coast fleet together with a group of active members competing in the European and International class events.

A smaller fleet is starting to grow a little further down the east coast of the UK and we hope to help encourage and grow this fleet and try and get as many boats together for some good racing.

We are currently looking into running a different format for next summer's events to encourage as many boats out as possible.

Yours sincerely

Brian Fennessy, Secretary

Aaron Woolf, Chairman
