## 2024. Class Report

### Membership

Croatian Melges 24 Class Association (CROM24) is the youngest and smallest National Class Association in the IM24CA. Despite this, CROM24 managed to grow in number of active boats to second largest fleet in the world. Total number of active boats is 26, with a good chance to grow even more with more sailors showing interest to join the CROM24. We can feel that by seen actual class member's starting to buy new boats.

### Results

The World Championship in San Francisco and Europeans in Split was rewarding for the class. World and European title in Corinthian division and third place at Europeans in overall from Mataran24 team. Team Razjaren, winning European title and winning ESS 2024 was confirmation of high quality of racing among CROM24 class.

### Events

CROM24 with Sailing Club Split organized European Championship 2024 in Split, with 41 boats taking part. Our plan for 2025 season is to continue with our CROM24 Cup, with 6 events scheduled in racing calendar, with two events as part of ESS.

### Future

Our main objective for the future is to host World Championship at first available opportunity. Additionally to that we would like to create opportunities for young sailors join the class by creating Youth division as a part of CROM24 Cup.
